SUMMARY

Motivated and detail-oriented Data Analyst Trainee eager to apply academic knowledge and learn practical skills in a professional setting. Seeking opportunities in the field of data analysis to gain hands-on experience and contribute to the success of a dynamic organization

EXPERIENCE

Traineeship   Jan '24 — Present
TRAINITY   Remote
- As a data analyst trainee, I supported data collection, cleaning, and organization while actively contributing to live projects. I conducted initial data analysis and assisted in developing data visualization dashboards. Participation in team meetings provided exposure to real-world challenges, refining my skills. Additionally, I conducted basic statistical analyses as part of my training, enhancing my analytical abilities and professional growth.
